# Instructions for Operation of Dial Telephones

## GENERAL:

Obtain the correct number from the directory.  
Do not dial until you hear the dial tone, a steady humming sound.  
If your finger slips when dialing, or if you make a mistake, hang up the receiver a few seconds and begin again.  
Do not move the receiver hook while talking.  
If the number dialed is busy a "buzz-buzz-buzz" sound will be heard. Hang up the receiver, wait a reasonable time and dial the number again.  
If the number dialed is not busy, a frequent "burr-rr-ing" sound will indicate that the number is being rung.

**CALLS TO TELEPHONES SERVED BY THE DEPARTMENT OF AGRICULTURE MAIN SWITCHBOARD:**  
(These telephones are listed in the directory without a Code number.)

Example- A call for Extension 653.  
Remove receiver.  
Listen for the dial tone.  
Place your finger in the opening over the numeral 6.  
Move the dial clockwise until you strike the finger stop.  
Remove finger and allow the dial to return to normal position.  
Dial the numerals 5 and 3 in order in a similar manner.

**CALLS TO OTHER TELEPHONES IN THE DEPARTMENT OF AGRICULTURE, BUT NOT SERVED BY THE MAIN SWITCHBOARD:**  
(A Code number is shown in the directory before these telephone numbers.)  
Dial the Code number ONLY.  
When an operator answers, give her the telephone number, or the name of the person desired, if number is not shown.  
The Codes are as follows:

|                                   | Code |
|-----------------------------------|------|
| Arlington Farms, (Operator) ..... | 0    |
| Buildings 'F' & 'C' .....         | 7    |
| Fixed Nitrogen .....              | 834  |
| Forest Service .....              | 88   |
| Public Roads .....                | 84   |
| Weather Bureau .....              | 831  |

Calls from the above switchboards to the Department of Agriculture Main Switchboard will be handled in the same manner as at present.

**OTHER GOVERNMENT DEPARTMENTS:**  
Direct tie lines are provided to other departments, code numbers are assigned to each of these departments.

Where direct lines are not provided, calls are routed through the Inter-departmental (Government) switchboard, which is also reached by dialing a Code number. A list of departments, together with their Code number is as follows.

|  | Code. |
|--|-------|
| Capitol.....   | 86    |
| Civil Service.....                                     | 833   |
| Commerce.....  | 832   |
| Federal Farm Board.....                                | 82    |
| Government Printing Office.....                        | 835   |
| Interior.....  | 89    |
| National Museum.....                                   | 85    |
| Treasury.....  | 81    |
| War - Navy.....  | 87    |
| White House.(Operator).....                            | 0     |
| All other departments,<br>dial Inter-departmental..... | 80    |

Upon dialing any of the above codes, you will be connected with the proper switchboard operator, who will complete your call.  
If the tie lines of the Department you are dialing are all busy, you will automatically be connected with the Inter-departmental switchboard operator.

Example- A call for the Department of Commerce, (Code 832.)  
Dial 832 and wait for the answer of the Commerce operator. If the 832 (Commerce) tie lines are all busy, you will receive an answer from the Inter-departmental operator. When she answers, ask for Commerce.

## CALLS TO OUTSIDE NUMBERS:

Example- Call to District 6713  
Remove receiver and listen for dial tone.  
Dial the figure "9"; listen for second dial tone, then dial the first two letters of the Central Office name, and the number.  
If you receive the "busy" signal, hang up for a short interval and dial again.

## TOLL AND LONG DISTANCE CALLS:

After dial tone is heard, dial the figure "0" (Operator) and give the call to the DEPARTMENT operator.

## SIGNALLING THE OPERATOR:

On incoming central office calls and other calls handled by the operator, you may signal the operator to transfer the call to another telephone or for any purpose by moving receiver hook up and down.

## TO REPORT TROUBLE:

If difficulty of any nature is experienced, dial figure "0" (Operator) or call the Department's Chief Operator by dialing "341"
